RE: Letter of Reference

To Whom It May Concern:

The Otoe-Missouria Tribe of Oklahoma contracted Maska Builders, LLC, with David Kerns as principal, for the construction of our new Community Center. The work was completed in a timely fashion with a high level of quality workmanship. We had seamless coordination between tribal officials, the U.S. Army Corp of Engineers and Maska Builders. This was a positive experience and we would give high recommendation to Maska Builders, LLC.

Sincerely,

Charles J. Moncooyea, Vice Chairman
